WORK OF THE CHILDREN'S AID SOCIETY.

LARGE FUNDS PROVIDED FOR THOSE WHO ARE IN NEED-RECOGNITION OF THE AID OF GENEROUS GIVERS.

The thirty-sixth annual meeting of the Children's Aid Society took place yesterday afternoon at the American Exchange National Bank. It was American Exchange National Land, Called to order by William A. Booth, there being present Robert J. Livingston, D. Nellis James, Douglas Robinson, jr., Charles L. Brace, Charles E. Whitehead, J. Kennedy Tod and A. B. Stone. The reports of the secretary and treasurer were submitted and accepted, and the following were elected trustees for the term of three years: Hooper C. Van Vorst George S. Coe, Charles E. Whitehead, J. Kennedy Tod and James R. Roosevelt. The treasurer said in his report :

The past year in the history of the Children's Aid Society has been distinguished by substantial progress in every direction. Several munificent donations have been made for the crection of commodious buildings for lodging-houses and industrial schools, and a larger aggregate than ever of not less important miscellaneous gregate than ever of not less important miscellaneous contributions has come in from every part of the country. As the beneficient purpose and labors of the society are more fully understood, it is more and more practically recognized as an economical medium for dispensing the charities of benevolent people. By a bounteous gift of \$50,000 from Morris K. Jesup, of New-York, a commediate logical phouse and industrial school have been created on the corner of Forty-fourth-st, and Second-ave., to which he also added \$2,000 to cover the expense of a clocktower. John J. Aster has contributed \$63,000. which he also added \$2,000 to cover the expense of a clock-tower. John J. Astor has contributed \$63,000, the entire cost of building and lots for an industrial school, new in course of completion, at No. 256 Mett-st. The building is dedicated as a grateful memorial of Mrs. Astor. As a further testimonial of her active sympathy in the work of the society, she left a special legacy of \$25,000 to be expended in the emigration of children to the country, and an additional sum of \$10,000 to be used in her own favorite school, in Avenue B.

A fund of \$40,000 was contribued by a gentleman whose name was not made public to indow an industrial school near East Nincteenth-st. It will be called the "Henrietta School." The society is also indebted to Mrs. W. H. Vanderbilt and Mrs. William Douglas Sloane for putting up two cottages for the sick-poor on Coney Island, at Health Home, and for donations to meet the increased expenses, as well as to Mr. E. P. Fabbri for the erection of a cottage for the Italian poor, and Mrs. Haxtun for a cottage for crippled girls at the Summer Home, Bath. The total receipts of the society-including the balance on hand of \$1,976 76, the donations from the Board of Education, \$38,500 57, and the city and county of New-York, \$70,000, and a number of legacies—among them John P. Howard's legacy of \$11,220 44—amounted to \$478,480 83. The total expenses were \$477,365 28, leaving a balance on hand of \$1,114 85. During the whole term of years there has been paid out \$5,324,339 89. The report of the secretary is of great interest, showing the full scope of the work. It says:

The lodging-houses for homeless children are not merely the longing-houses for homeless children are not merely shelters, but training schools in self-help. The boys are induced to save their hard-earned pennies and deposit them in the savings bank of these homes by an offer of high interest. Those who have nothing receive leans from a "fund te start boys in business" or are supplied with material to blacken boots, or are otherwise set to week. The crimbles are trained in brush making. work. The cripples are trained in brush-making. The girls are taught housework, cooking or laundry work, hand sewing, dressmaking, machine sewing and typewriting. The sum of 625 will enable us to place a homeless boy or The sum of 52s will ensure us to place a most acceptance of the pay the cost of boarding at a lodging-house, whereas \$120 would be necessary in a public institution. Comparatively few of the children ever fall into habits of pauperism or drunkenness, and a small proportion of those sent West is ever chargeable again upon the community.

One of the reforms accomplished during the last year by the Board has been the exclusion of women and boys under sixteen years of age from men's lodging-houses, where they were formerly surrounded by all manner of deleterious Gratifying work has also been done in keeping children who are under age from work. A surprising decrease in juvenile crime is shown by carefully prepared tables. The commitments of girls and women for vagrancy fell off from 5,880 in 1860 to 2,055 in 1887. Again, the commitments of petty girl thieves fell off from one in every 743 in 1865 to one in every 6,645 in 1887. Male petty thieves have fallen off some 700 during twenty-five years. The classification in the police reports of what is called "Juvenile delinquency." shows a like diminution of children's crimes. In the sanitary field, the results are equally remarkable. Among the more than 100,000 boys who have Newsboys' Lodging-House, there has been no cose of any "contagious or foul air" disease, and coly one death occurred. The other lodging houses have been almost as fortunate. No death oc-curred among the boys and girls last year. The

Owing to careful organization the work shows great economy of management. The total annual expense of our twenty-one industrial schools and twelve night schools was \$101,634 64, which would make \$25.52 the annual coat for each child. There were during the year post, in our six lodging-houses, 10,500 different boys and girls; 275,283 meals and 208,189 lodgings were supplied. In the twenty-one day and twelve even-ing schools were 10,698 children, who were taught and partly fed and clothed, 538,773 meals being supplied; 2.721 were sent to homes and employment and restored to friends, in both the East and the West; 1,268 were aided with food, medicine, etc., through the "Sick Children's Mission"; 4,457 enjoyed the benefits of the "Summer Home," at Bath, L. I. (averaging about 300 a week); 5,734 mothers and sick infants were sent to "West", at Control Labora, 2024 girls, here. the "Health Home," at Coney Island; 226 girls have been instructed in the use of the sewing machine in the Girls' Lodging House and the industrial schools, and 36 were taught type-writing; \$7,977.07 have been deposited in the Penny Savings Banks. Total number under charge of the society during the year, 35,227. The Interstate Commerce bill, which last year so seriously threatened our work of emigration, was, on

application of the society, amended in the Committee of the Senate so as to protect the interests of humanity under our charge. Great numbers of our children are grown up and present accounts of their success in which are truly encouraging.

It is a noteworthy fact that even on her death-bed Mrs. Astor prepared for her annual party of 100 boys to the West, making 1,513 children whom she had placed in homes during the last twenty years. A number of the boys heard from were provided with homes by The Tribune Fund. Plattering accounts are given of many of these. Since 1853 there have been 85,890 provided with homes.

Since 1853 there have been \$5,890 provided with homes.

The report of the "Sick Children's Mission" states that from June to September medical attendance was furnished to 1,280 children and fifty-four mothers. The number of physicians employed were ten, nurses three. The visits made by physicians numbered 2,973. The "summer charities" reached some 10,000 different cases during the last summer. The "Summer Home," however, fell behind last summer in its expenses some \$3,000, and the "Health Home" was left at the close of the season with a debt. A great addition to the good work of the Bath Summer Home was made this season by the erection of a cottage for crippled girls, founded by Mrs. Haxtun. Many crippled ohildren were fed and sheltered in this cottage.

Many crippled children were fed and sheltered in this cottage.

Under the head of Special Charities the society pays a tribute to Mrs. J. J. Astor. She not only had during the last twenty-six years supported one of the most useful branches, the Avenue B Industrial School, but for the last twenty years had sent a party of 100 homeless children to the West every winter. She had literally given herself to the poor. Her sympathy and friendship included the teachers and workers whom she met in the labors of charity. She knew the circumstances, and sympathized with the trials of many poor families in the neighborhood of her school in Avenue-B. No one could ever replace her peculiar influence in the work. Her life would blossom forth anew in hundreds of lives among the unfortunates who have been cheered or redeemed through her instrumentality. With a recognition of the work of the different men and women connected with the society, the report says: report says:

We need now extremely, on the eastern side of the city, a new Industrial School building to take the place of the Avenue C building, on the corner of Fourth-st, and Avenue C. This school has, for many years, reached some 300 of the poorest Polish, German and Bohemian children in the Eastern Wards. We would gladly have a building which would include rooms for a cooking-school, kinder-state and class poons for this large. garten, nursery, industrial and class rooms for this large number of destitute little ones. We should need probably about \$50,000 for the building, and about \$30,000 for the two lots necessary. A lady whose life has been full of benefaction to the poor of New-York has been consider-ing the possibility of founding in whole or in part this particular charity. Another school building much sended particular charity. Another school building much needed is one for our large Italian school on the West Side, at to one for our large Italian school on the West Side, at No. 24 Sullivan-st. This is a most interesting school for the poorest Italians, and includes during the year about 500 pupils. It is both a day and night school, and has accomplished siresdy immense good among a class who, above all, reward the coffits of our teachers. A building

THE FRIENDS OF THE POOR. here of proper sire and with conveniences for this large school would cost also some \$50,000, without the land.

William N. Loew, a lawyer, who was convicted sev eral months ago of forgery and was sentenced to ave years imprisonment, was released yesterday on 83,500 bail pending appeal. Judge Cowing, before whom the case was tried, granted a stay of proceedings and certified that there was probable cause to believe that the appellate courts might grant a new

James Shaw, the Yorkshire farmer who was ar rested on his arrival in this country on the steamer Wyoming, as being James Pennock, an alleged wifemurderer, was discharged from custody yesterday by United States Commissioner Shields. W. Lane Booker, the British Consul, received a dispatch by cable from the British Home Office saying, "Shaw is not the man wanted." The prisoner seemed thankful at his release. He did not completely answer any of the descriptions sent from England. He has been in the Ludlow Street Jail for one week.

Grant McPherson, a junfor clerk at the Post Office drawing \$40 a month for his services, was arrested vesterday by Post Office Inspector Dosser, and was held by Commissioner Shields for examination. Me Pherson has been in the service for three months and has received letters with imperfect directions for investigation. It is charged that he stole some letters given out for examination was kept, and some of them may have contained sums of money. Mc Pherson denied his guilt.

Robert McKnight, a truck-driver, was arraigned yes terday before Judge Martine and pleaded not guilty to an indictment charging him with murder in the first degree. NcKnight is one of the four persons ar-rested on suspicion of complicity in the murder of John McCarthy, who was killed at Seventeenth-st. and First-ave., on the night of November 4. The grand jury found an indictment against McKnight alone.

Thomas Glynp, who was convicted of assault in the second degree in setting on fire the clothing of John Crucie, on October 13, 1887, was taken before Judge Cowing for sentence. Glynn's counsel, however, moved for a new trial, and sentence was postponed. The testimony on which the new trial was asked for was that of Kate L. Lamar and Mary Do Gross, who said that they saw Glynn attempt to put out the flames which caused Crucle's injuries.

Thomas Edwards Richard Brown Henry Pontoon John McMahon and Joseph Dunn, who were under indictment for pool-selling, were released from their bail-bonds yesterday by order of Judge Cowing, with the consent of Assistant District-Attorney Goff. The law under which they were indicted has been so construed that convictions could not, in the opinion of the District-Attorney, be expected.

The college championship game of football, to be played on the Polo Grounds to-morrow afternoon. between Wesleyan College and the University of Pennsylvania, is likely to be an exceedingly close game, as both teams are stronger than any that have yet represented their respective colleges in past seasons, and they are evenly matched. The game will positively be played, rain, snow or shine.

George Kelly, who is accused of murder in killing Charles P. McLaughlin in Thirty-second-st. on July 7. He said that he frequently attended the Berachah Mission in Thirty-second-st., and spoke at the meetings, relating his religious experiences. He acknowl-edged that he was in the habit of drinking freely, but said that he did not drink as much as he formerly did. He testified that on the night of the assault he had attie testined that on the highl of the assault he had al-tended one of the meetings at the mission. He was afterward standing in the street when McLaughlin approached. Kelly says that he saw a knife in Mc-Laughlin's hand, and that he selzed the bac-hall bas as a means of defence, and struck McLaughlin with it. Mr. and Mrs. Naylor, who conduct the Berachah Mission, and Policemen Kennedy and Mitchell testi-fied to Kelly's peacefulness.

MR. HEWITT AND D. LOWBER SMITH. In his little speech to the reporters on Monday when he announced the appointment of D. Lowber Smith as Commissioner of Public Works, Mayor Hewitt said that he had offered the place to John Bogart, State Engineer and Surveyor, who had declined because he was mable to obtain the assurance that he would be retained after May 1. The inference which the Mayor was supposed to desire the reporters and the public to take from his remarks was that Mr. Bogart had put himself into communication with Mayor-elect Grant and the Tammany chieftans on the subject, but could obtain no satisfaction. Therefore, he was forced to appoint D. Lewber Smith. Messus. Grant, Gliroy, Cockran and other well-known Tammany leaders said yesterday that Mr. Bogart had not been near any of them, and that they had not heard of him in connection with the appeintment referred to. "I would not know Mr. Bogart;" said Sheriff Grant, "if he should walk in here this moment, and no one has came to see me as his representative."

"It is only one of the Mayor's smart little tricks at deception," said Mr. Cockran.

"Did Bogart deceive Mr. Hewith, or is Hewitt at his old game of trying to fool the public and divert attention from the bad appointment he has made?" ashed another. "Whenever Mr. Hewitt does what is plainly indefensible he also seeks to lay the blaine on Tammany Hall. This is only one more case of the kind." them, and that they had not heard of him in connec

IMMIGRANT TRAINS MIGHT BE BETTER. Emigration Commissioners Hauseit and Rorke, as a special committee appointed to investigate the accommodations and facilities furnished to immigrant passengers travelling over the railroads represented in Castle Garden, reported at the meeting of the Board yesterday. The report in substance is that the ac-commodations furnished immigrants by the transportaion companies is fairly good, except on the New York Central and Pennsylvania roads. They reported also that the war rates are so unremunerative that better service could not at present well be asked for, but if the immigrant rate on the basis of \$15 t Chicago was again restored the service could well be improved upon by all rallroads.

Commissioner Taintor suggested that the time had arrived to take legal steps to force the Treasury De-partment to pay the rental of the buildings on Ward's Island and at Castle Garden that are used exclusively

DIFFICULTIES OF GETTING A SCHOOL BOARD. Two of Mayor Hewitt's recent appointees as D. McL. Agnew has only just retired from the office of School Inspector after eighteen years' service, and he says that he cannot continue his work longer. Mrs. Villiam B. Rice, the only woman among those appointed, has also written the Mayor that she cannot accept. These appintments were regarded as among the best of the seven named, and much regret was expressed among the members of the Board at their decilnation. It was thought yesterday that the Mayor would name Mr. Dowd, who had been appointed to fill out Commissioner Wood's unexpired term, to one of these vacancies, and Elbridge T. Gerry was mentioned for the other.

TRUE FORM" OR "NATURAL" LASTS THAT ARE SAID TO BE BEST ADAPTED TO

EVERYBODY'S REQUIREMENTS.

WELL ENOUGH, IF ALL FEET WERE MADE AFTER THE SAME PATTERN; THEY ARE NO MORE SO THAN ARE ALL NOSES. SKILLED SHOEMAKERS AND MANY WEARERS OF SHOES KNOW THAT NO ONE FORM OF LAST IS UNIVERSALLY ADAPTED TO ALL FORMS OF "SHOES THAT FIT WELL NOT ONLY LOOK BETTER, BUT ALSO WEAR BETTER THAN POORLY-FITTING ONES."

THE BEST LAMP! The "Rochester."

OUR EXPOSURE OF "TRADE SECRETS" SEENS UNPALATABLE TO SOME TRADERS. WE REGRET TO HAVE UNINTENTIONALLY HURT ANYBODYS FEELINGS, BUT SOMEHOW, IN A CROWD, ONE NEVER KNOWS WHOSE TOES ARE TROD ON UN TIL THERE'S A CRY.

LAST WEEK ONE OF THE LARGEST AND MOST REPUTABLE CLOTHING JOBBERS IN THIS CITY SOLICITED OUR CO-OPERATION IN SUPPRESSING THE PREVALENT SO-CALLED "BANKRUPT SALES." HE THOUGHT THE POLICE MIGHT FEEL JUSTIFIED IN INTERFERING IF THE FACTS WERE PROPERLY PRESENTED. WE DE CLINED TO PARTICIPATE: EXPLAINING TO OUR FRIEND THE IMPRACTICABILITY OF LEGALLY REACHING THESE COMMERCIAL PIRATES, WHEN THEIR METHODS WERE VIRTUALLY THE SAME AS PRACTISED BY SOME ESTABLISHED FIRMS

IN TELLING OF THESE THINGS WE MERELY DISCHARGE A PUBLIC DUTY. PERHAPS SOME PEOPLE MAY THEREBY BE SPARED THE LEARN. ING FROM SAD EXPERIENCE THAT THERE IS A DIFFERENCE BETWEEN CHEAP CLOTHING AND CLOTHING CHEAP. WE DEAL ONLY IN THE LATTER.

OUR STORES WILL BE OPENED THIS EVENING CLOSED TO-MORROW.
